LLOYD GEORGE AND CABINET RESIGN

CITY VOTERS HAVE EIGHT DAYS TO REREGISTER FOR COMING FINAL ELECTION

Precinct Registrars Report Very Light Run During First Two Days Books are Opened Under Recent Change.

Little confusion and comparatively light registration marked the first two days of re-enrollment of city voters under the recent changes in Ada precincts, according to unofficial reports from registration officials this afternoon.

Ward 1, the largest in the city, has been parceled into three precincts. Other wards have been divided into two each. Registration officials appointed by the county election board are cooperating with County Registrar F. C. Sims to complete the immense task without delay. After today there will be eight days to register and every elector in the city must do so if he expects to have a voice in the November election.

Repeated announcement has been made of the precinct districting, election officials said, but men in charge of the various registration books declare they are answering scores of questions daily. In precincts outside of Ada there will be no general registration, this being limited to those who have recently become of age or who have lately moved into their present voting precinct.

For final information of voters in Ada the following table of facts is reported:

Ward 1, Precinct 1—Bounded on the East by Constant, on the north by Main, on the west by Townsend, and on the south by the city limits. Register at Howard and Zorn building on South Broadway with Mr. E. S. Haraway.

Ward 1, Precinct 2—Bounded on the east by Mississippi, on the north by Main, on the west by Constant, and on the south by city limits. Register with H. J. Huddleston at Oklahoma National Bank.

Ward 1, Precinct 3—Bounded on the north by Main, on the west by Mississippi, on the east by city limits, and on the south by city limits. Register with T. O. Dandridge in Shaw building.

Ward 2, Precinct 1—Bounded on east by Mississippi, on south by Main, on west by Townsend and on north by city limits. Register with Slade Norman at Sterling Motor company.

Ward 2, Precinct 2—Bounded on south by Main, on west by Mississippi, on north and east by city limits. Register with C. F. Green in Rollow building.

Ward 3, Precinct 1—Bounded on south by Main, on east by Townsend, west by Oak, north by city limits. Register with J. H. Collins at Wilson lumber company.

Ward 3, Precinct 2—Bounded on east by Oak, on south by Main, on north and west by city limits. Register with Joe Jared at shop on North Constant.

Ward 4, Precinct 1—Bounded on north by Main, east by Townsend, south by Sixteenth street, and west by city limits. Register with Emmett Roach at Bat Roach grocery on Twelfth and Stockton.

Ward 4, Precinct 2—Bounded on north by Sixteenth street, on south and west by city limits, and on east by Townsend. Register with Claude Pitt at Crowder barber shop on East Main street.

C-2 WAS RUINED BY WIND BEFORE FIRE GUTTED IT

(By the Associated Press)
SAN ANTONIO, Oct. 19.—Reports from the board of inquiry which investigated the wreck of the C-2 at Brooks Field Tuesday evening has been completed and started through the channels at Washington.

A strong gust of wind caused the explosion, the board held. Recommendation as to further construction of dirigibles of similar type was also included, but these will be referred to the chairman of the board of air service.

Photographs taken about the time the shifting current of wind caused the giant bag to hang on the steel girder at the door are considered an important part of the report for they show that the C-2 had been wrecked before the fire started.

FORMER CONGRESSMAN OF MISSOURI DIES TODAY

CHARLESTON, Mo., Oct. 19.—J. J. Russell, former congressman from the fourteenth Missouri district, died at his home here today after a long illness. He was banker, lawyer and extensive land owner and represented his district in the 60th, 62nd, 63rd, 64th and 65th congress. He was 58 years old and a democrat.

SOONERS FACING CRUCIAL BATTLE

Kansas Aggies Coming to Norman Saturday With Veteran Squad.

NORMAN, Oct. 17.—(Special)—For the eighth time in history, the Kansas Aggies and Oklahoma Sooners will do battle Saturday afternoon, October 21, on Boyd field and history records that the Aggies have defeated the Sooners twice, tied them once and lost to them four times.

However, the Sooner victories came in years gone by and more recent records show that the Aggies held the Missouri Valley champions of 1920 to a 7 to 7 tie and last season walked over the Oklahoma eleven 14 to 7.

Thus far this season, the Kansas farmers have won two brilliant victories by defeating Washburn 47 to 0 and Washington 22 to 14 while Oklahoma has had to be content with a narrow 7 to 0 victory over her freshmen and a 19 to 0 victory over the great Central State Teachers' college eleven.

A letter man for every position is the condition of the Aggies while Oklahoma has letter men for but five of her positions and with a raw and inexperienced squad of men making up the first year additions to the eleven.

The Sooners opened up with a wonderful array of aerial and line charging football against the Central squad last week which was such a transformation from the game put up against the freshmen one week previous that spectators could hardly recognize that it was the same team. If the Sooners improve accordingly this week, they may be able to enter the game with the visiting Kansans on an equal basis, otherwise, it looks like almost a certain victory for the Bachman men unless the Sooners get the breaks in the game.

Bowles and Stahl Out.

The veteran tackle, Bowles, is out of the game and may not be back for the Aggies on account of injuries, and also Stahl, end; Thompson and Cullen, guards, and all veterans of the line, are on the hospital list. Bowles and Thompson may be ready for the game but it is certain that Stahl will not be in again this season while Cullen may be on the retired list for the same duration of time.

Owen's backfield is all that Owen could want, it has versatility, speed, accurate passing, weight, fight defense and a dependable toe but a perfect backfield cannot go it alone and it is the Sooner line that is hard hit by injuries and inexperience.

With the Kansas Aggies conceded one of the strongest aggregations in the conference and with Nebraska, the 1921 undisputed Valley champs, following the Aggies, Oklahoma will be put to the crucial test in her first two games of the season. A survival of them will indicate a championship yet there are none in Soonerland so optimistic to predict that the Sooners will survive both of them.

4 BANK ROBBERS HIDING IN OSAGE HILLS IS BELIEF

(By the Associated Press)
BARTLESVILLE, Oct. 19.—Officials of the Security National bank in Dewey which was robbed early yesterday morning of \$2,253 in cash by four unmasked bandits, failed to identify Lloyd Cox, arrested on an investigation charge in connection with the holdup, as one of the bandit gang and he was released from custody this morning.

Officials here expressed the belief that the bank bandits are now safely hidden in the Osage hills west of Bartlesville, a long noted rendezvous for outlaws.

WINS PRIZE FOR PHOTO PLAY IN COLLEGE CONTEST

Adele Commandini

Adele Commandini, New York girl, won the first prize for the best photoplay produced by students of New York university in a recent contest. Perhaps she'll get a chance to star in it.

A.H.S. READY TO PLAY AT PURCELL

Coach Cox's Men to Stage First Battle Friday in Title Contest.

Today saw the close of another week of work for the high school redlegs in their efforts to perfect a football machine sufficiently strong to go through a season without a defeat. Coach C. Raymond Cox has been exerting his greatest efforts to get the highest point of efficiency from his players.

With only a few good men to pick from, he has been forced to make every point count. Realizing that if one or two of his best men are out of the game his team would be greatly weakened, he has spent much time seasoning them and training them to play in the safest manner.

In the two first games of the season the team, mostly composed of veterans of last year, exhibited an excellent brand of football. Their aerial work is improving and the coach believes his squad will be able to open a destructive aerial attack against any team they meet. His line has improved also and is now holding firmly.

Purcell is on the schedule for this week. Ada high will play in Purcell tomorrow afternoon this being the first game in the Southwestern Conference for the local "hickies". Ardmore and Purcell have been battling for honors in the conference. Ada will make her first bid for them Friday. Ardmore and Pauls Valley will be two other conference teams the locals will play this year.

PANIC REIGNING IN VLADIVOSTOK AS ARMY COMES

(By the Associated Press)

TOKIO, Oct. 19.—Lawlessness reigns in Vladivostok as the result of the approach of a victorious "red" army, official dispatches say. The French consulate was attacked yesterday and foreigners have appealed to their governments for protection. The American consul has engaged as a refuse for Americans a building flying the American flag and guarded by the guns of an American cruiser.

(By the Associated Press)
Two Japanese cruisers and three Japanese destroyers also are in Vladivostok harbor to aid in the protection of foreigners.

Recent reports have related the practical annihilation of the "white" guards under General Dietrichs. The invading army of the far eastern republic of Siberia apparently is marching on without opposition, and the capture of the Serbian port was expected momentarily.

REMOVAL OF SAWYER IS DEMANDED BY LEGION

(By the Associated Press)

CONVENTION HALL, NEW ORLEANS, Oct. 19.—The removal of Brigadier General Charles E. Sawyer, personal physician of President Harding, was demanded by the American Legion today upon recommendation from its Americanization committee.

NOTED SPEAKERS WILL APPEAR AT EDUCATION MEET

Former Governor of Iowa Coming November 2 to Address Teachers.

PROGRAM COMPLETE

R. H. Wilson, M. A. Nash and Sutton of Texas to Participate.

The fourth annual meeting of the East Central Oklahoma Educational association will be held at East Central college November 2, 3 and 4, according to announcements made this week. Local committees have been appointed to have charge of the meeting.

Hundreds of teachers are expected to attend in an effort to obtain better ideas concerning teaching and to help put into effect plans of the teaching body in the district. Many business matters will be discussed. According to present plans, four general sessions and a number of departmental meetings will be held. The first session will open on the evening of Thursday, November 2, at 7:30, in the college auditorium. It will be a general session with music by the college band, singing conducted by Miss Robbie Wade of Shawnee, an address by W. L. Harding, former governor of Iowa, and an address by R. H. Wilson of Oklahoma City, state superintendent of public instruction. Rev. E. O. Whitwell, pastor of the local Presbyterian church, will pronounce the invocation.

Other Noted Speakers.

During the remaining three sessions some of the speakers who are billed to appear are Dr. W. S. Sutton, dean of school of education at the University of Texas, M. A. Nash, secretary Oklahoma Educational Association, Dr. A. Linsehold, president of the college, Dr. Sutton and Mr. Harding are scheduled to speak several times before the assembly.

Music will be furnished by college musical organizations assisted by the high school orchestra, and high school boys glee club and girls' glee club. Departmental sessions for every line of school work will be held Friday afternoon. The session will adjourn to attend the football game.

The business session to elect officers, receive reports and close the meeting will be held Saturday morning in the college auditorium.

LEGION SEEKING TO MAINTAIN AN ABLE SEA FORCE

CONVENTION HALL, NEW ORLEANS, Oct. 19.—Adoption of the legion report of naval affairs committing the organization to terms of the Washington arms conference and urging congress to appropriate sufficient funds to keep up the navy craft and keep and personnel staff of not less than 96,000 men, was the principal development today at the fourth national convention of the American Legion.

A naval base at Alameda, Calif., is demanded by the resolution of acceptance. Neglect of this base, made necessary under the pact eliminating fortification in the Pacific, the resolution added would be "criminal negligence."

Personal greetings from the secretary of the navy were conveyed to the legion convention by Admiral McGruder of the United States navy.

Funeral for Jordan Will Await Arrival of His Father Here

Funeral arrangements for Floyd Jordan, young man who was drowned in the Byars lake early Wednesday morning while duck hunting, will not be made until the arrival of his father from Los Angeles, it was announced today by members of the Jordan family here.

REFORMER SUED FOR CRUSADING AGAINST BOOKS

John S. Sumner

John S. Sumner of New York, head of the Society for the Suppression of Vice and successor to the late Anthony Comstock, is defendant in a \$65,000 suit brought by Boni and Liveright, publishers, Miss Mary H. Mark, librarian, and Thomas Seltzer, another publisher.

DOPE FAVORS ADA TEAM FOR FRIDAY

Tigers Should Win Battle Here From O. C. C. Team Fans Predict Now.

Dope favors the Tigers in their game here tomorrow afternoon with the Goldbugs of Oklahoma City college. The Tigers have won two games this year while the Goldbugs have won none.

Coach Thompson reported today that his squad was in first class shape for the game. He still has two or three men on the injured list but most of the regulars are to appear in the line-up.

The game will be started at 3 o'clock. Much interest is being shown in this battle because Ada will be expected to show strong against the Goldbugs in order to win from two of her opponents who have already scored heavy victories over the capital city team.

Culver, Reed and Lee will fill end positions for East Central Cassidy, Gatlin, H. Smith, Kerr, Kapps, Robinson, Brown and Parker are to go into the line; Vernon, Cunningham, Montgomery, Thomas, Kelly, Sheppard, McCoy and Smith will take up the back field.

Pep organizations of the school are preparing a large number of stunts for tomorrow. Local fans believe the Tigers will win and Coach Thompson pointed out that if he won this game, he still would be in the race for state collegiate championship. His next game will be with Weatherford Friday week, and he will have a good chance to win it.

Goldbugs Lose Twice

In the opening game of the season the Goldbugs were defeated 62 to 0 by Edmond Teachers. On the following week Durant Teachers smothered the Goldbugs 102 to 0 and they are now coming to Ada with the announced intention of breaking in the winning column. Ada won its first game with the Shawnee Baptists and the second from Tishomingo Aggies.

Tiger cups were scheduled to go to Allen this afternoon for a game with Allen high school. The cups lost their first game with Seminole last week but are hopeful of spilling things at Allen today. A large number of second stringers were taken to give Coach Robinson an opportunity to work them out.

WILSON UNABLE TO SPEAK HERE; MOTHER IS ILL

R. H. Wilson, scheduled to speak here at 2 o'clock this afternoon in the interest of the Democratic ticket, was detained by the illness of his mother, according to a telegram received at county Democratic headquarters.

It is the plan of Orel Busby, county campaign manager, to have Mr. Wilson speak here later but the date has not been announced.

Standard time was established in 1883.

ENGLISH PRIME MINISTER DEFEATED AND COALITION SUFFERS ITS DEATH BLOW

Colossus in World Politics Survives Hard Post-War Adjustment in Which Other Members of "Big Four" Toppled.

LONDON, Oct. 19.—(6:08 p. m.)—The resignation of Lloyd George was officially announced this evening. The resignation of Viscount Peel, secretary of state for India, was also announced.

LONDON, Oct. 19 (6:40 p. m.)—When Lloyd George tendered his resignation to King George this evening, he advised His Majesty to summon Andrew Bonar Law to form a cabinet. The resignation of Lloyd George carried with it that of his entire cabinet.

LONDON, Oct. 19 (7:12 p. m.)—Andrew Bonar Law has consented to form a ministry to succeed that of Lloyd George, the Evening News says. King George summoned Mr. Bonar Law, asking him to undertake the task and the latter agreed to comply.

LONDON, Oct. 19.—The government of Prime Minister Lloyd George resigned this afternoon.

The announcement of the government's resignation was made by the Central News and up to 4:23 o'clock this afternoon no official or other announcement of it had appeared, but it had been preceded by the semi-official announcement of the press association stating it had learned on high authority that the government would resign forthwith.

After a brief audience with King George this afternoon, Mr. Lloyd George returned to Downing Street where he received a miner's delegation, but according to Frank Hodges, who headed the celebration, Mr. Lloyd George said he could not consult them as prime minister since he had resigned.

Members of the miner's delegation said Mr. Lloyd George told them the king had accepted his resignation.

EARL MAYFIELD DENIES CHARGES

Democratic Nominee for Senate Says Expense Was Within Limit.

CORSICANA, Tex., Oct. 19.—The hearing to make permanent a temporary injunction, aimed at keeping Earl B. Mayfield's name off the ballot, today developed into the trial of Mr. Mayfield, democratic candidate for United States senator, on the allegations and charges brought by the parties obtaining the injunction namely C. E. King, L. E. McGhee and P. C. Short.

Secretary of State Staples, who was restrained from placing Mayfield's name on the ballot, withdrew from the case yesterday when Attorney General Wall requested the state department to ask that he be excused. He returned to Austin.

Mr. Mayfield in his demurrer denied emphatically the allegation of the petition, that he had spent more than \$10,000 in his campaign for the democratic nomination for United States senator. He declared that he had not violated any law alleged in the petition in conducting his campaign and it any were violated it was done unknowingly.

A Romantic History.

He was born in Manchester, Eng., January 17, 1863. His father, a country school teacher, died when David was an infant and the child was adopted by an uncle, Richard Lloyd, wealthy shoemaker and lay preacher. With only a limited education, David went into a law office in a little town in North Wales where he lived with the uncle. Then he married and soon dived into politics. For eighteen years he was a liberal member of parliament, representing Carnarvon. Then came a rapid rise to fame. His ascension to a place among the mighty began in 1908 when Asquith became prime minister. The little Welshman, with his sparkling eyes, became the chancellor of the exchequer. Next year in a great budget battle, he routed the once powerful house of lords. His achievement in this fight was called "the first victory against

the place that I forsook.

I'm just a lonesome puppy

That's strayed away from home;

I'm longing for my family—

No fun at all to roam.

I wish they'd write a want ad

And tell folks how I look—

I'll bet I'd soon be back in

The place that I forsook.

THE MENACE OF ALIEN POPULATION

General Grant, when at the height of his power, said to members of his family, more than forty years ago, as his son, Jesse Grant, recently wrote the Manufacturers Record, that he regarded as a grave danger the heavy immigration of foreigners into this country. And to that statement he added that he feared the time would come when the South, with its Anglo-Saxonism, could alone be depended upon to save the Nation from ruin by the influence of an alien population. If General Grant could have lived to the present time the fear which he felt forty years ago would have been intensified many times.

The figures as to the number of foreigners or those of immediate foreign stock living in the United States are startlingly significant. New England, once the home of rock-ribbed Americanism has ceased, so far as population is concerned, to be truly representative of America. Over 60 percent of its population is of foreign stock.

Rhode Island leads all other States with a foreign stock of 69 percent, followed by Massachusetts with 66 percent, Connecticut and North Dakota with 65 percent, Minnesota 64 percent, New York 62 percent, Wisconsin 59 percent, and New Jersey 58 percent.

New York City had at the Census of 1920 a total population of 5,620,000. Of this number 4,294,000, or over three-quarters of its population, are of foreign stock. Chicago, out of a population of 2,700,000, had 1,941,000, or 72 percent of foreign stock. These two cities are but typical of many others.

On the other hand the South has been almost wholly free, as compared with the rest of the country, in the matter of foreign stock. The total for the South, including Missouri, Oklahoma and Texas, is only about 8 percent, against 48.2 percent in the rest of the country. As Rhode Island leads the Nation, with 69 percent of foreign stock, North Carolina leads at the other end of the line with only seven-tenths of 1 percent of foreign stock. North Carolina is one of the most prosperous States of the Union. It is developing, industrially, commercially and agriculturally, with amazing rapidity. It is probably one of the most law-abiding States in the Union, and its courts enforce the laws, without fear or favor. It is carrying forward a campaign of college and university extension involving the expenditure of six or seven millions of dollars at present for new buildings and having \$20,000,000 as the ultimate plan of this campaign. Some \$42,000,000 was expended and voted for public education in the single year, June 30, 1921, to July 1, 1922, in that State. It is putting \$50,000,000 or more into highway improvements. It is enormously expanding its hydro-electric developments and its cotton mill interests, and yet it is doing this with less than 1 percent of foreign stock, an unanswerable proof of the fact that this Nation can carry forward its material development and expand every interest which makes for the betterment of humanity without any great influx of foreigners.—Manufacturers Record.

"DIVINE HEALER" DEAD

Press dispatches tell of the death of one Schatter, or Schrader, who at one time attracted considerable attention by his claims of being a "divine healer." People flocked to him from far and near and he blessed one and all, and also blessed handkerchiefs by the bushel, said handkerchiefs supposedly retaining some of his miraculous power.

Some 25 years ago he visited Galveston and the Santa Fe railroad made it the occasion of the cheapest excursion on record. We took advantage of the opportunity to visit the city and Sunday afternoon we watched the "healer" for an hour as he laid his hands on people suffering from every known ailment. However, if any one was healed we failed to see it. The pious fraud wore his hair and beard in the manner associated with portraits of Christ and wore a long black robe. His appearance was enough to impress many but his power seemed to be on the blink on that particular occasion.

His death serves to recall his record and the credulity of human nature. Just because he claimed miraculous powers, thousands accepted him at his word and fell for his claims. He pick up thousands of dollars from the public and solved the question of easy living. He isn't the only fakir by a great deal, but is a fair type of the element who lives by preying on the gullibility of the public, or to put it plainer, catching suckers.

It is seldom that one wins in playing the other fellow's game, but many never learn this. A fool is born every minute, we are told and the supply is never short, hence the prosperity of the guys who handle a special game.

Governor Cruce in his address of Wednesday hit the nail squarely on the head when he observed that if every voter broke away from the reservation when his candidate failed to make a landing there would soon be no party.

ENOCH ARDEN IN A NEW GUISE—CAN HE COME BACK?

The Forum of the Press

Town and Country.

(Fort Worth Star-Telegram)
In its current issue, Farm and Ranch takes occasion to make a plea for farmers to take more interest in their neighboring towns from the standpoint of self-interest. It says:

"The towns of the southwest are far more important to farmers than most of them realize. Our greatest needs as farmer are for more and better markets for our products. Without consumers within easy reach of the farms and ranches, marketing is a very difficult and a very expensive part of farming. With cities and towns within easy reach of the farms and ranches, marketing is simplified and less expensive, making farming more profitable."

"The time has come for farmers to take interest in the towns. They may do this by speaking a good word for their neighbors in the town, and on every occasion, compliment the desirable factors of the town to newcomers or prospective citizens. Furthermore, every unkind word or untrue statement about the business men of the town, or the town's commercial rating, should be contradicted. Farmers should be fair to the towns just as the towns should be fair to farmers who contribute largely to making the towns."

"Another way to encourage the town and thus make it a better buying factor for farm products is to become better acquainted with the business men, the professional men, and, so far as possible, the consumers of farm products. People who buy and consume farm products want to know the producer; they prefer to deal with the farmers of business standing and intelligence."

"It is not a very difficult matter to build up a business in farming, by building up friendship with the business men and other consumers of the town."

"Then before farmers can sell to advantage, they must buy. Merchants buy farm products from those who buy from them; bankers extend credit to those who have deposits at their banks; professional people prefer to buy from those who assist them in their profession. This is logical and reasonable and it is good business."

"More towns and better towns mean more prosperity for all towns with industrial plants; give employment to laborers, and labor consumes farm products; thus a dollar put in circulation in the towns is a dollar for farm products, for business men, for banks and for common labor. And the way to build the country, and have more money for education and other needs of intelligent citizens, is to reduce costs in marketing by consuming more products at or near the farms."

This is a matter of more importance than it might appear at first sight. Every town of any size in Texas has its chamber of commerce or commercial club, the object of which is to "boost" the town. There is a growing recognition of the fact that the best way to boost the town is to boost the country surrounding it. If a step farther can be taken now, and the point made by Farm and Ranch recognized and acted upon, we shall arrive at a program for progress that can not fail to win. Corporate limits, after all, are imaginary lines. Interests do not stop outside or inside of them. There is a mutuality of interests of the people who are living and working in any given

neighborhood, and they ought to live and work together in very truth.

Monument to Gene Field.

(Kansas City Journal)
It is pleasing to the countless admirers of Eugene Field that, even at this late date, an imposing monument, paid for with the pennies of school children, should be erected to perpetuate the memory of the greatest poet of childhood the nation has produced. Possibly all will not agree in assigning supremacy to Field. Riley will always have his adherents, who will be slow to admit the superiority of any other poet in the domain of child verse.

The point need not be raised. There is glory enough for both, but certainly the lists of genius in this particular form of the poetic art must be closed with the names of Riley and Field.

Chicago is just now paying tardy justice to the poet who graced that city so long, with his presence. Schools have been named for Field all over the country and signal honors have been paid to his memory. His place in the hall of the world's fame would be secure regardless of any tributes that might be paid to his memory.

Chicago is honoring itself quite as much as the immortal author of "Little Boy Blue" and the other miracles of insight into the universal child nature which came from the warm, sympathetic and understanding soul of Eugene Field.

When all the others are forgotten,

Political Announcements

The News is authorized to announce the following as candidates for the offices named, subject to the action of the Democratic primary.

State Offices

TAL CRAWFORD—2nd term
County Commissioner, Dist. No. 2:
CHARLEY LANEMAN
For County Commissioner, District No. 1:
H. CLAY STEPHENS—2nd term

if such a time should ever come, Little Boy Blue will dream through the years of his pretty toys; the little toy dog, covered with dust, and the little toy soldier, red with rust, will wonder what has become of Little Boy Blue as they wait in the dust of the silent chair.

No other poem of childhood stirred the heart of the world quite so deeply as that prodigy of simple sentiment, crouched in a matchless grace of poetical form and trenchant diction.

Wherever there are multitudes of children there should be a monument to Eugene Field to which the boys and girls of unending generations could go as to a shrine.

He's Kidding the Editor.

(Abilene, Kas., Reflector).
"God forbid!" says Dr. Frank Crane, "that I should ever own a newspaper or attempt to manage one! It takes vaster qualities of both courage and tact than I possess." What a queer man this Doctor

Crane must be, to confess he lacks capacity to run a newspaper. Why, we thought everybody knew how to run a newspaper. Most people seem to think that running a newspaper is just the easiest thing; they firmly believe that they could do a much better job of it than is being done as matters are arranged now. What does Doctor Crane mean, anyway? Courage and tact—what have they got to do with running a newspaper? Doctor Crane must be kidding us.

TULSA—Six Indian Presbyterian ministers attended the recent synod of their church here. Four were members of the Seminole tribe and two were Choctaws. One was a woman, Louis Gile of Achean was one of the Indians in attendance. He is a Seminole and is a son of Dorsey, a 78 years old, who has spent the last 40 years preaching Christianity.

GOOD SOAP FOR LESS THAN TWO CENTS A POUND

Make It At Home By This Easy Process—Takes Less Than 30 Minutes.

Nowadays, more and more women are doing as their mothers did and are making their own soap. If you have never tried it, you will be surprised to see how easy it is to make good soap, soft soap, hard soap or floating soap, just by using kitchen scraps and waste grease together with a can of Merry War Lye, the safe and sure soapmaker. In the old days when soap was made by the boiling process it took nearly all day to make a kettle of soap. Now it is hardly any work at all—requires no boiling—takes less than 30 minutes. Saves you money and gives you all

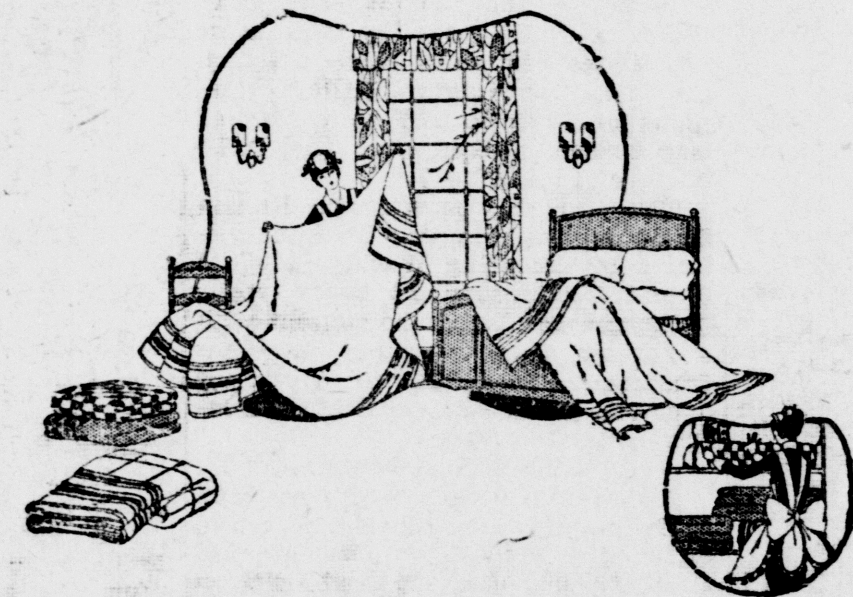

the pure, clean soap you need for kitchen, laundry and all household purposes.

You will find simple directions for soapmaking on the label of every can of Merry War Lye—also many other recipes such as how to make lye hominy, how to soften water, how to make clothes washing easy, how to brighten cooking utensils, etc.

Merry War Powdered Lye is also a wonderful cleanser and purifier for use about the home, barn, chicken house and outhouses. Comes in a convenient can with revolving sifting top that cannot come off, cannot get lost, recloses tightly and preserves contents. It is economical to buy and easy to use.

Ask your dealer for Merry War Lye—the sure you get "Merry War"—the lye that has made good for 33 years.

He Reported the Bell Telephone Company's Case

There are many avenues to success for the ambitious young man or woman with special business training. Take H. W. for example. He is reporter for the Oklahoma Corporation Commission, and recently finished reporting the Southwestern Bell Telephone Company's case.

This important task fell upon him because his training at HILL'S BUSINESS COLLEGE made him one of the fastest and most accurate stenographers in the Southwest.

H. W. is holding a good position at a good salary. No doubt he will do as well as he has done before him, and obtain an even more lucrative position offered by some of the big men with whom he associates.

Stenography or any other form of business training prepares you for big things. If you are ambitious to succeed, fill out and mail the coupon today. It will bring HILL'S SUCCESS BOOK, absolutely free. This book tells you everything you want to know about getting a business education. You are under no obligation. Enrollment every Monday. Send the coupon NOW, before you forget it.

There is Strength in Every Tablet of This Newer Form of Iron

One dose often helps commence to enrich your blood and revitalize your system. It is a newer form of iron, like the iron in spinach. It is so prepared that it will not irritate the stomach. It is ready for almost immediate absorption and assimilation by the blood. While some physicians claim metallic iron which people usually take is not absorbed at all. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of this newer form of iron three times a day, after meals for two weeks. Then test your strength again, and see how much you have gained.

NOTE—The manufacturers of this newer form of iron known as Nuxated Iron are thoroughly reliable, since its introduction it has reached the stupendous sale of over 4,000,000 packages annually, and it has been used and highly recommended by all U. S. Senators, Members of Congress, Judges of U. S. Courts and many physicians. We are able to guarantee that if you use Nuxated Iron you will obtain even greater results than you expect from Nuxated Iron. The manufacturers will promptly refund your money.

DOUBLE MURDERER'S INNOCENT VICTIMS

Jealousy of Clifford Hayes, an admirer of Miss Pearl Bahner, above, is said to have caused the double murder which—

Resulted in the death of Mrs. Eleanor Mills, mother of Charlotte Mills, above, and the Rev. Edward Wheeler Hall.

HUDSON'S BRIDGE TO BE GREATEST

Mighty North River Span to Surpass Panama Canal as Building Feat.

(By the Associated Press)

WASHINGTON, Oct. 19. —The proposed North River Bridge, spanning the Hudson from the center of New York City to Weehawken, New Jersey, will be, with its connections and terminals, "the most stupendous engineering work yet undertaken, surpassing in that respect and also in final cost the Panama Canal," according to Representative Ernest Ackerman, of New Jersey. The plans call for a single span of 3,000 feet, hung on four immense cables suspended from terminal towers 685 feet high, or 130 feet higher than the famed Washington Monument in this city.

The bridge will contain 450,000 tons of steel, which is twice as much as in all the five well-known East River bridges combined, and which far exceeds the tonnage of steel in all the existing bridges spanning the Ohio, Missouri and Mississippi Rivers combined.

The Hudson River bridge would contain more than ten times the tonnage of the stupendous Quebec Bridge in Canada, which is the longest span in North America, and which took 17 years to build. It would contain thirty times as much steel as there is in the great Brooklyn Bridge, hailed for many years as the greatest work of man, and would require ten times the tonnage of steel in the Scotch bridge over the Firth of Forth, the largest steel bridge in the world.

There are other breath-taking facts concerning the proposed construction, the authority for which is included in a bill now pending before Congress, are contained in Mr. Ackerman's remarks printed in the Congressional Record as a part of the record of debate on the bill in the House of Representatives. The bill was before the House on adjournment, Sept. 22.

To Take 15 Years

In return for the immense cost the great amount of labor and engineering involved, and the fifteen years estimated as a minimum time required to build the gigantic bridge, Congressmen Ackerman presented many advantages to be derived.

Automobiles and motor trucks would be able to cross from New York to New Jersey in a few minutes instead of being held for hours as is now the case.

A saving in the cost of delivery and a certainty of supplies, fuel, food and other necessities to the metropolis would result.

Reduction in shipping costs to and from the port of New York, and consequent benefit to the nation's commerce, would follow.

Through rain connections from the north, and south, east and west would be possible, as railroad tracks would occupy one level of the structure, thus giving greater speed and convenience of travel with elimination of some unnecessary costs.

Besides allowing for greater business expansion and home building in New Jersey and along the Hudson, the bridge would offer in time

of war an important element of safety and efficiency.

The history of the efforts to construct the bridge goes as far back as 1890, when an act incorporating a company to build the bridge was approved.

Doesn't Cost U. S. a Cent

The bridge is not to cost the federal government a cent. It is to be erected by the same engineers who built the Hell Gate Arch bridge, with finances raised by the States of New York and New Jersey. The only federal participation is in authorizing its erection over tide water, which is under government control. Litigation, injunction and other factors have prevented actual construction since 1890. Work was started on the New Jersey foundations in 1893, but persons living in the vicinity stopped work with an injunction, complaining of the noises of drills and blasting. The money panic of that year also had a hand in stopping the work, and before railroad finances had settled down the ten years had elapsed. Later the World War caused another delay, but now, it was said, everything is ready to go ahead.

In the meantime, the plans for the bridge have been greatly changed. Traffic has increased by leaps and bounds. The present plans call for a bridge four times greater than the original. A new location also had to be found because the center of the city had moved farther north, and instead of being located at Twenty-Third street, as first planned, the New York terminal will be at about Fifty-Seventh street.

16 Foundations

For the present structure there will be 16 deep foundations of 80 feet diameter from 120 to 200 feet below the surface of rock, which alone will require several years work. Many other new problems must be met. The bridge will hang 150 feet above waterlevel in the center, to allow the passage of vessels. The solid rock foundations at the terminal points will give sufficient depth for the strongest foundations. The New York terminal is in almost a direct line with the Queensborough Bridge across the East River bridge to Long Island which will make a direct line of travel from New Jersey to Brooklyn. The cable towers, each covering an area at the base 200 by 400 feet, resting upon 8 caissons 80 feet in diameter, will be of steel skeleton enclosed in masonry, not only for the esthetic value of the stone but to protect the steel against the weather. The masonry would cost less than the ever increasing cost of keeping the exposed steel work painted.

Corrosion is the greatest enemy of steel in this climate; nature is forever trying to change steel back to its ancestor, iron. Therefore the protection from the weather. The painting of the Firth of Forth bridge requires a perpetual force of thirty painters year in and year out. After reaching one end of the bridge in from three to four years, the painters return to the other end for the next coat, to save the structure from corrosion. In the Hudson river Bridge that force of men would have to be ten times larger, the expense of maintenance would be enormous; but with the steel protected there would remain only eight per cent exposed to the weather.

Four Giant Cables

The four giant cables which are to bear the burden of the great weight will be twelve feet in diameter. They will be protected by bronze shells.

The floorway will be in two decks, the upper carrying the promenades, four surface tracks, and a roadway two and one-half times the width

Mrs. Rhodarmel Honored
The Wednesday Bridge Club honored Mrs. C. Rhodarmel, the high score member for the past season, with a four course luncheon at the Harris hotel at one o'clock Wednesday afternoon. Guests and members were met by Mrs. W. H. Ebeby who in a very gracious manner presented them to the members of the receiving line, Mrs. J. P. McKinley, the outgoing president, Mrs. R. W. Simpson, the new president and Mrs. Rhodarmel the honoree.

Mrs. Ed Hunter and Mrs. W. K. Chaney ushered the guests into the dining room where, on the table beautifully decorated in flowers of autumnal hue, was found place cards with cut roses for the following members: Mesdames Chaney, W. H. Ebeby, Harmon Ebeby, Parker, Drummond, Clifton, Byron Sledge, B. K. McKinley, J. P. McKinley, Simpson, Hunter, Patton, Rhodarmel. Guests were Mesdames Cummings, Norris, Haney, Nethery, McKeown, Wells, Sandbach, Bayless, Case, Busby and Miss Annie Carroll Simpson.

After luncheon the party gathered at the home of Mrs. Parker, South Cherry avenue, where a pleasant hour was spent in playing bridge. Mrs. Parker served light refreshments. Mrs. Rhodarmel was presented with an arm bouquet of carnations.

Miss Eunice Lee of Chickasha has been visiting Miss Gussie Levin for the past week in the Knott's Apartments. Miss Lee is leaving for her home today.

of Fifth Avenue. The upper deck will form a fore and water-proof roof over the lower deck, which will provide twelve railroad tracks each capable of carrying the heaviest trains and locomotives.

The greatest weight which the towers and cables will have to carry will be the 400,000 tons of the suspended spans; compared with this the live loads will be inconsiderable.

The bridge will ordinarily never be called upon to carry at one time more than one-fourth the density and maximum loads for which it was designed; but it was necessary to provide for a transportation capacity and trackage about equal to that of all four highway bridges over the East River combined. If passed through tunnels that amount of traffic would require 30 tunnels under the river, in addition to the present 16 rapid transit and railroad tunnels now existing.

40,000,000 Cross in Year
The passenger traffic available over the North River Bridge was estimated in 1900 at 40,000,000 a year; for the year 1940 the estimate is 200,000,000, not including the 100,000,000 passengers who are using the six existing tunnels under the North River. In 1940 it is estimated there will be 35,000,000 vehicles passing over the bridge yearly.

The grades over the bridge would be less steep than they would have to be in any sub river tunnels at this point.

The materials will be of higher grade than those used at present in any construction. The steel called in for the towers will be 50 percent stronger than the steel used in standard structural work. The special high-grade steel of the eyebolt chains will be 100 percent stronger than standard steel.

At the time the bridge was first planned the time of completion was reckoned at ten years, but this time has since been changed to fifteen years.

In Papua, the unmarried woman lives in a tree high above the other natives, in a shabby little hut made from bamboo.

CRUCE PLEADS FOR A UNITED DEMOCRACY

Stick to the democratic party.

Such was the key note of an address delivered to voters of Pontotoc county at Ada by former Governor Lee Cruce Wednesday afternoon. At the outset he stated that his speech would be directed largely to dissatisfied members of the party who are inclined to vote a mixed ticket this year. In course of his talk he severely arraigned John Fields for his various utterances, especially his appeal to Democratic voters to support him. Fields, he said, has never once approved of a Democratic governor; finding fault and criticizing each one as he occupied the chair. Fields has never supported a Democrat, he said, and the Republican party always sticks together, apparently holding that any Republican whatsoever is better than a Democrat could be, even though that candidate happened to be Manuel Herrick.

The Republicans, who now criticize Walton because the Socialists are supporting him, hailed with delight the support of these same Socialists two years ago which made possible the election of Harrell and the carrying of the state for Harding.

The speaker said he would never support any man for governor whom he did not believe would reflect credit on the office and he had no doubt about Walton in the respect. As for the platform he himself had never seen one, even when a candidate himself, or which he approved every detail, but this is a matter for the majority to decide and for the party to accept. The Shawnee gathering had a perfect right, as has any other body of Americans, to set forth their views and to endorse candidates.

He declared that every man who is a candidate is going to be lied about and misrepresented, as he knows from experience. Walton is

no exception to the rule and Woodrow Wilson suffered more from this than any American in modern times. He scored the Republicans for their unjust criticism and abuse of Wilson which did so much to finally wreck him physically.

DOCTOR ORDERED WOMAN OBEYED

Took Lydia E. Pinkham's Vegetable Compound and is Now Well

Chicago, Illinois.—"You surely gave women one good medicine when you put Lydia E. Pinkham's Vegetable Compound on the market. After I had my baby I was all run down and so nervous it kept me from gaining. My doctor did everything he could to build me up, then he ordered me to take Lydia E. Pinkham's Vegetable Compound with his medicine and I am now a new woman. I have had three children and they are all Lydia E. Pinkham babies. I have recommended your medicine to several friends and they speak highly of it. You are certainly doing good work in this world."

—Mrs. ADRIAN TOMSHECK, 10557 Wabash Ave., Chicago, Illinois.

There is nothing very strange about the doctor directing Mrs. Tomsheck to take Lydia E. Pinkham's Vegetable Compound. There are many physicians who do recommend it and highly appreciate its value.

Women who are nervous, run down, and suffering from women's ailments should give this well-known root and herb medicine a trial. Mrs. Tomsheck's experience should guide you towards health.

WASH KIDNEYS IF THEY HURT

Flush your kidneys with salts occasionally, says a noted authority, who tells us that too much meat and rich food may form uric acid, which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weak; then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys; also to neutralize the acids in urine so it no longer irritates, thus often ending bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia water drink. Adv.

LIFE PENALTY IS ASKED IN LOS ANGELES TRIAL

(By the Associated Press) LOS ANGELES, Oct. 19.—A life for a life, it was learned at district attorney's office today, will be the demand of the state at the trial of Mrs. Clara Phillips, for the murder of Mrs. Alberta Tremaine Meaders, 20-year old widow, which will open in the superior court tomorrow. Mrs. Phillips is accused of having beaten Mrs. Meaders to death with a hammer July 12 last in an isolated spot in the city.

BURNING WASTE PAPER THREATENS HARRIS ANNEX

A waste paper basket which caught fire from an undetermined source early last night, threatened for a time to cause considerable damage to the Harris hotel annex across from the Frisco passenger depot.

Firemen reported that the paper was extinguished before it did any damage or had a chance to gain any headway. When discovered it was settling on a concrete stairway which prevented the rapid spread of the blaze.

In Christian art, the goat is regarded as an emblem of impurity.

DIVERSIFY FARM CROPS TO OFFSET STRIKE RESULTS

(By the Associated Press)

CLEVELAND, O., Oct. 19.—More diversified farming in order that each section of the nation could produce its entire food supply and prevent dependence upon railroads when transportation facilities break down through strikes and other causes, was urged by W. E. Ward, food inspector of Brookline, Mass., in an address here today before the food and drug section of the American Public Health association.

Mr. Ward also urged federal supervision over interstate shipments of milk and other dairy products and advised the use of refrigerator cars for the transportation of milk, cream and supplies for those cities which receive their product from distant points and suggested trying out co-operative purchasing organizations of consumers.

The speaker declared that education of the public through the public schools and health officials in matters of food economies would have a great public health value.

Prohibition has more than doubled the work of inspecting of soda fountains and soft drink manufacturing plants, declared James P. Kilcourse, chief of the bureau of food inspection of the Chicago department of health.

"Six years ago there were 63 manufacturers of soft drinks in Chicago. Today there are 138. The rapid expansion of the business has resulted in a great deal of carelessness," Mr. Kilcourse said. "In April, 1922, Dr. Bundeson, commissioner of health, ordered a drive on all soft drink establishments which resulted in a general cleanup, white washing, scrubbing, cleaning and painting."

"Several licenses were revoked because the manufacturers persisted in using bottles and siphons of other dealers, thus making it impossible to check the responsibility for unsanitary conditions."

RICH GOWNS SHOWN IN "HER GILDED CAGE"

Gloria Swanson Wears Alluring Costumes in Her New Paramount Picture

Gloria Swanson, Paramount star, whose beautiful gowns in her screen productions made her the fashion model of the screen, is not limited to stately, formal fashion creations in her latest Paramount picture, "Her Gilded Cage," which will be the big feature at the McSwain theatre next Monday.

Miss Swanson first appears in this story as a poor French dancer, later is seen in the modestly colorful costumes of a cafe entertainer, and then blossoms forth, under the guidance of an American press agent, as "Fleur d'Amour," the dance sensation of the season.

It is asserted, by those who saw Gloria wearing the new dance cos-

tumes about the studio, that if she is fascinating and charming in the ballroom gown, evening gown and afternoon frock, those adjectives fail to describe her in the new theatrical costumes, in which she is beautiful and alluring.

These creations are gorgeously bizarre and theatrical. One in particular, is an exquisite combination of pink silk tights, silver cloth and pearl beads, set off by a head dress of clusters of many colored bird of Paradise feathers. A stuffed bird of Paradise with long graceful plumage, adorns her wrist, and adds a novel effect to the terpsichorean performance. This costume is symbolic of the bird of Paradise.

Yellow has been for generations the favorite color of the high officials of China.

LLOYD GEORGE RESIGNS TODAY

(Continued from Page One)
the powerful citadel of wealth in
modern world.

Seven Juniors Leave Cabinet at Meeting

(By the Associated Press)

LONDON, Oct. 19.—Seven of the
unionists junior members resigned
from the cabinet immediately after
the union meeting. These included
Stanley Baldwin, president of the
board of trade, Sir Arthur Griffith-
Boscaven, minister of agriculture
and fisheries, Lieut. Col. L. C. N. S.
Amery, parliamentary and financial
secretary of the admiralty, Sir Philip
Lord Crame, minister of over-
sea trade, Sir John Baird, under
secretary of state for the home of-
fice, and Col. Louis Wilson, joint
parliamentary secretary to the treas-
ury, and chief union whip.

Capt. H. D. King, author of the
union whip, and Col. Albert Buck-
ley, assistant under whip, also re-
signed.

Conservatives Are Winners in Ballot

(By the Associated Press)

LONDON, Oct. 19.—The Lloyd
George coalition received its death
blow at the hands of the conserva-
tive party when the conservative
members of the house of commons
and government ministers at their
meeting in the Carlton Club today,
voted 186 to 87 to appeal to the
country as the conservative party.
This created a situation of the
greatest political confusion and un-
certainty the country has known
for many years.

The next move certain to be
made will be the resignation of
Austin Chamberlain, and his associ-
ates, Lord Balfour and Lord Birken-
head from the cabinet. It is ex-
pected that Prime Minister Lloyd
George will then present his resigna-
tion to the king and his adminis-
tration and to ask his majesty to
summon a conservative leader to
form a government.

Conservatives Predominate.

This course would be taken be-
cause the conservatives have the
largest number of members in the
house of commons.

The conservative leaders expected
to be picked for the task is either
Andrew Law or the Earl of Derby.
The life of the new conservative
ministry probably will be brief, ac-
cording to present forecasts, and a
general election is expected swiftly
to follow its formation.

The party lines upon which the
election will be fought presents a
profound puzzle. One suggestion is
that Mr. Lloyd George may form a
central party in which he can count
upon Austin Chamberlain, Lord
Birkenhead and perhaps Lord Bal-
four, the cabinet members whose
adherence to him has been repudi-
ated by today's conference.

May Gather Support.

This new party, it is suggested,
would probably command the sup-
port of a good proportion of the
conservatives who stood by the coali-
tion and also of the coalition lib-
erals. This formation might put the
labor party in position of chief op-
position party.

The possibility that Mr. Lloyd
George will try to regain the lead-
ership of the liberals is not to be
overlooked, either.

Mr. Law's friends raise the ques-
tion of whether his health will per-
mit him to take the office even for
a short time. Lord Derby appears
the most probable alternative se-
lection for the prime ministry, al-
though it is suggested that Lord
Curzon who gained in prestige by
his work in recent near eastern ne-
gotiations is believed to be friend-
ly to coalition, might be summoned
to form a government.

Preacher and Singer Slain 4 Miles From Where Bodies Found?

(By the Associated Press)

NEW BRUNSWICK, Oct. 19.—
Detectives began today to investi-
gate the newest developments that
Rev. Edward Wheeler Hall, rector
of the Episcopal church of St. John
the Evangelist, and Mrs. Eleanor
Rhinehardt Mills, choir singer, were
murdered in a shed at Weston Hills,
a settlement several miles from New
Brunswick, and about four miles
from the Phillips farm where the
bodies were found on September
15. Affidavits containing this infor-
mation were made public today by
police almost at the same time that
Dr. John A. Adams, chemist, re-
ported to the authorities that an
analysis of the blood soaked ground
where the bodies were found led
him to believe the murder took
place there.

PERRY—Ed Davis, formerly of
this city, will be returned here from
Graham, Tex., to face a charge of
the theft of a small motor car from
H. S. Reed, July 27, following the
issuance of requisition papers by
Gov. J. B. A. Robertson.

THOMAS FAVORS VARIOUS BLOCS

Candidate for Congress
Sees Chance Ahead to
Help Business.

(By the Associated Press)

OKLAHOMA CITY, Oct. 19.—
Elmer Thomas, democratic candidate
for congress in the sixth district
of Oklahoma, favors "the farmers'
bloc, the labor bloc, the soldier bloc,
and all business blocs co-operating
with them," he said in an announce-
ment of his platform made at the
invitation of The Associated Press.
"A member of congress should be
the personal representative be-
fore the various governmental de-
partments of the citizenship of his
district and this relationship or
agency should be faithfully and
honestly carried out irrespective of
party, race or creed," he wrote. He
went on to say:

"In matters of legislation a mem-
ber of congress should at all times
represent the interests of his dis-
trict but recognizing the principle
that what is best for his district
might be altered by what is best
for the surrounding districts and the
nation as a whole.

Must Be on Hand.

"A member of congress worthy
of the honor," he continued, "will
be in Washington when congress is
in session, ready and willing to aid
in the solution of the problems con-
fronting the country. I shall act up-
on the theory that a faithful attend-
ance upon congress and an active
participation in the adjustment of
such matters as may come before
me will be the best politics I can
play.

"I shall favor such amendments
to the federal reserve act as may
be necessary to remove the control
of the volume of money in circula-
tion and the control of credits
from the most powerful combina-
tion in the United States—the mon-
ey trust.

"I shall favor a law requiring
the federal reserve board to set
aside a certain percent of the prof-
its of the several federal reserve
banks into a fund to guarantee the
deposits in all member banks.

"I shall favor a system of six
months to three years credits to
farmers and stockmen on a simpli-
fied basis, the same to be handled
through existing banking organiza-
tions.

"I shall favor an adequate sol-
diers' bonus on the basis of adjust-
ed compensation, the same to be
paid by a tax on war profits, ex-
cess profits and increased inheri-
tance taxes.

"I shall favor a co-operative
program for farmers, including co-
operative control of production, mar-
keting and credit.

"I shall favor the farmers' bloc,
the labor bloc, the soldier bloc and
all business blocs co-operating with
them.

"I shall oppose a sales tax, ship
subsidies and all forms of railway
and 'Big Business' guaranties."

Glenwood Notes

We had with us at assembly
Wednesday morning, Rev. E. O.
Whitwell, pastor of the Presbyteri-
an church, and Rev. Charles Wid-
ney, rector of the Episcopal church.
Rev. Widney led the invocation,
after which Mr. Whitwell made an
interesting and helpful talk to the
pupils. Mr. Widney is scout master
of Glenwood troop. He made some
announcements and urged the boys
to make this the best troop in town.
The Parent-Teacher Association
met on Friday, Oct. 13.

The ladies were enthusiastic in
their meeting and formulated plans
for several enterprises for raising
money for the school. They also
agreed to make the meetings worth-
while by a plan for study and for
social entertainment.

The school rendered the following
program:

Song—Fifth Grade.
Reading—Lora Wilson.
Song—High First Grade.
Reading—J. C. Horton.
Quartet—Raymond Duke, Farrest
Shilling, Mabel Felton and Ted
Rogers.

Piano Solo—Rafaela Lopez.
The fifth and sixth grades will en-
tertain the seventh and eighth
Thursday after recess.

Mr. Whitwell, assisted by the
Misses Hawkins and Chapman, en-
tertained the sixth grade with a
"weenie roast" Wednesday evening.
Miss Chapman's room won the
flag at the last meeting of the Par-
ent-Teachers' Association.

Miss Inez Love of Oklahoma City
was a visitor with us Thursday.

Mrs. Thompson and babies visited
in third grade.

Beula McRea and Artie Bennett
lost time on account of sickness
this week.

Eli Klotz is on the sick-list.

Jerald West was absent Tuesday
and Wednesday on account of sick-
ness.

There was an interesting contest
between the "Tigers" of Irving and
the "Bear Cats" of Glenwood Wed-
nesday evening. Irving won.

Interest in the popularity con-
test is growing, and every one is
looking forward to our social even-
ing Friday, Oct. 20.

The department of agriculture, re-
porting on Fort Worth produce, gave
the following 11 o'clock quotations:

White potatoes: Arrivals, 13 cars
from Idaho and 5 from Colorado.
Demand and supply moderate. Ida-
ho's, No. 1 grade, \$1.60 to \$1.55
per hdw. Others generally at \$1.50.
Idaho russets, \$1.70.

Sweet potatoes: arrivals, 1 car
from Texas. Demand and movement
slow. Quotation 75 to 87 cents per
50-lb. crate. Sales to retailers \$1.25.
Homegrown \$1 per bushel.

Apples: arrivals, 4 cars from
Idaho and 2 from Colorado. De-
mand and movement moderate. Jona-
thans, \$3.50, Arkansas, Ben Davis,
\$2.00.

Onions: arrivals, 6 cars from
California. Demand and movement
good; market strong. California
browns, 11-lb. sack, \$2.40 to \$2.60;
whites, \$2.60 to \$2.75; yellows,
\$2.40.

Cabbage: no arrivals. Demand and
market slow. Sales to retailers 3
and 1-2 cents per pound.
Tomatoes: no arrivals; demand
good but supply practically exhaust-
ed. Sales to retailers, \$2.75.

GREATEST OF PICTURES SOON TO BE SHOWN HERE

"Over the Hill" the picture which
is hailed throughout the world of
motion pictures as the greatest of
them all, will begin a run at the
American theatre Monday and will
continue for 3 days. This remark-
able photoplay, produced by Wil-
liam Fox, has been taking the coun-
try by storm and is smashing every
previous record for continuous runs
wherever it is shown.

It is safe to say that no picture
ever shown here has created the
interest aroused by "Over the Hill."
Local motion picture devotees have
been waiting it for many months,
and its engagement here is the
method Manager Cobb of the Ameri-
can theatre has taken too keep faith
with his patrons, whom he had
promised the very best pictures the
screen affords.

This production does not dazzle
the eye, it does not owe its huge
success to the fact that an immense
amount of money was spent in its
production; but the story is one that
goes straight to the heart and makes
the spectator live again his child-
hood days—it takes him back to
those golden hours with mother.

Aside from the motion picture
"fans" who have been insistent that
"Over the Hill" be shown here, it
is expected that hundreds of persons
will see the photoplay because of
their love for and familiarity with
the poems of Will Carleton, known
as the "Farm Poet," whose popu-
larity was as great at one time as
that of James Whitcomb Riley today.
Carleton's poems recited at every
school commencement or other pub-
lic gathering for years; in fact, no
program of twenty years ago was
complete without the poems on
which this picture is based, or other
such familiar pieces as "T've Gone
With a Handsome Man" or "Betsy
and I Are Out."

The popularity of the picture
has made Mary Carr, who created
the role of Ma Benton in the pic-
ture, probably the best known act-
ress on the screen today. Although
she has been extremely busy in new
pictures at the Fox studios, a wide-
spread demand for personal appear-
ance has compelled her from time
to time to abandon her studio work
temporarily and make tours so that
people they enn in the flesh the
woman they had come to love by
reason of her work in "Over the
Hill."

"Over the Hill" was many months
in the making. The idea for a pic-
ture based on Will Carleton's
poems was conceived by William Fox
himself. Much of the humanly sym-
pathetic detail is the product of
his love of "just plain folks" and a
desire to give them a picture which
every man, woman and child would
like. He entrusted the directing of
the picture to Harry Millarde, who
worked from a scenario written by
Paul H. Sloane.

As an example of the demand for
this picture "Over the Hill" recently
played simultaneously in twenty-
six theatres in Detroit, each of
which was packed at every perform-
ance.

WOODROW WILSON MAY BE DEPRIVED OF VOTING

(By the Associated Press)

TRENTON, N. J., Oct. 19.—De-
cision by the Mercer county board
of elections to enforce the New
Jersey election law of 1920 which
provides that a voter must cast
his ballot in the district "in which
he actually resides and not else-
where," probably will deprive form-
er President Woodrow Wilson, who
is residing in Washington, of his
voting privileges in the New Jersey
election this year.

SULPHUR CLEARS ROUGH, RED SKIN

Any breaking out of the skin, even
fiery, itching eczema, can be quickly
overcome by applying a little Men-
tho-Sulphur, declares a noted skin
specialist. Because of its germ de-
stroying properties, this sulphur
preparation begins at once to soothe
irritated skin and heal eruptions
such as rash, pimples and ring
worm.

It seldom fails to remove the tor-
ment and disfigurement, and you
do not have to wait for relief from
embarrassment. Improvement quick-
ly shows. Sufferers from skin trou-
ble should obtain a small jar of
Rowles Mentho-Sulphur from any
good druggist and use it like cold
cream. Adv.
